Wild Fire Services Inc

March 4, 2015

Maia D. Bellon, Director
Department of Ecology
State of Washington
300 Desmond Drive SE,
Lacey, WA 98503

Dear Director Bellon:

As a small business owner operating in the State of Washington, I wish to respectfully oppose Governor Inslee's LCFS proposal.

Wild Fire Services Inc. provides firefighting crews and engines to assist with state and federal agencies battling wildfires. Our family-run business has been operating for over 11 years. We are the only private contractor with firefighter hand-crews based in Washington.

We are proud of the employees we hire and pay wages comparable to State Department of Natural Resource firefighters.

My concern is that if gas prices increase under Governor Inslee's proposal, my business and employees will suffer. By his own original estimates, Governor Inslee's proposal would increase the cost of gasoline and diesel by \$.02 to \$1.50 per gallon.

This is unfair and creates a tremendous burden on family-run businesses such as ours. I hope Governor Inslee will consider a different option which won't hurt Washington small businesses.

Sincerely,

Tim Logozzo, Sr.

President
